

## FUSE HOLDERS

### AGU IN-LINE FUSEHOLDERS WITH SCREW-ON TOP

Universal in-line fuse holder made of black plastic "Bakelite". For AGU type fuses; 8 g.

65-5408

### 3AG/AGC IN-LINE FUSE HOLDERS WITH SCREW-ON TOP

Universal in-line fuse holder made of black plastic "Bakelite". For 3AG/AGC type fuses.

PART #	AWG.
65-5410	10
65-5412	12
65-5414	14

### 3AG/AGC IN-LINE FUSE HOLDER 18 GA.

Universal in-line fuse holder in white plastic. 18 gauge wire loop. For 3AG/AGC type fuses.

65-5618

### MINI ATM FUSE HOLDER

Waterproof in-line fuse holder for mini blade type fuses. Available w/12 or 16 gauge wire.

PART #	AWG.
FH-M12	12
FH-M16	16

### ATC FUSE HOLDER WITH WATERPROOF COVER

Quality rubber holders with wire loop. Holds fuse securely and protects from impact.

PART #	AWG.
65-5010	10
65-5012	12
65-5014	14
65-5016	16
65-5018	18

### DELUXE MAXI FUSE HOLDER W/WATERPROOF COVER

Quality rubber fuse holder with attached protective cover and 8 gauge wire. Accepts MAXI fuses up to 60 amps.

65-5308

## FUSE BLOCKS, BARRIER STRIPS & CIRCUIT PROTECTORS

### ATC AUXILIARY FUSE BLOCK

This ATC style fuse distribution block features a single input prewired with 24" of 10GA wire that feeds 6 individually fused outputs. Ideal for connecting alarms, audio/video systems, and other accessories. Includes mounting screws.

AFB400

### ATM FUSE "ADD-A-LINE"

Protect electronics, cellular phones, auxiliary lights, & accessories w/mini ATM fuseholder. Add a line to any 12 volt set-up.

HHH

### ATC FUSE "ADD-A-LINE"

Protect electronics, cellular phones, auxiliary lights, and accessories with the mini ATC fuse holder. Add a line to any 12 volt set-up.

HHA

### AUTO-RESET CIRCUIT BREAKERS

Designed to give overload protection in automotive and electronic equipment, these breakers have heavy duty contacts and a snap-action bi-metal blade that provides quick action on contact make-and-break. Automatic reset type. In an overload, the breaker will begin to cycle, alternately opening and closing the circuit until the fault is removed. Mixed quantities accepted.

### BUSSMANN® HIGH AMP MANUAL RESET CIRCUIT PROTECTORS

This new circuit protector is typically used in primary feeder circuits in trucks, buses, recreational vehicles and high-end mobile electronic applications. This circuit protector is a single pole, thermal device, rated up to 30V DC. Perfect for applications requiring panel or fire wall mounting. Possesses a unique reset mechanism which provides a positive, visible indication of a tripped condition.
