

Part Number TSG-519**Header** TSG-519 Flame Retardant Tape

Description Thermosleeve-USA TSG-519 is a thin wall and light weight insulating tape that has excellent heat and flammability insulation characteristics.

Features

- Self-healing, ease of application without heat
- Flexible, elastic, easy to cover any shape of accessories
- Resistant to acid, alkali, salt, sewage, etc
- It expands itself in case of fire and forms a thick layer of carbon aggregate as a barrier between the heat source and the cable. This barrier forms a protective heat insulation layer that protects the cable or joints.
- Continuous operating temperature - 40-90°C

Application

It is widely used in power plants, substations, steel industry, chemical industry, buildings, subways, mining and shipbuilding industries, etc. It is especially used for electrical cables, high voltage cables and control cables. It protects joints and cables from external heat source damage and harsh environments.

Standard Sizes and Dimensions

Size	UOM	Packaging
2.0mm(wall thickness) x 50mm (width) x 3m (length)	Roll	30 rolls/carton

Technical Properties

Characteristics	Test Result	Test Method
Self-adhesive	No loosening	GA 478-2004
Flammability (carbonization height), m	≤2.50	GA 478-2004

Important Notice The information related to Thermosleeve-USA products in both printed or electronic format is believed to be reliable but the accuracy and completeness is not guaranteed. We suggest that before using this product, you evaluate and determine if it is suitable to your intended application. Thermosleeve-USA assumes no risk or liability associated with the use of this material. Any statements related to this product that are not contained in the current Thermosleeve-USA online or printed literature, or any contrary statements referenced on purchase order, shall have no force or effect unless expressly agreed to in writing and signed by an office of Thermosleeve-USA.

Limited Warranty/Limited Liability Thermosleeve-USA offers no guarantees in respect to the accuracy of the information detailed in this document and accepts no explicit or applied liability as to the products use. In no instance will Thermosleeve-USA be liable for any eventual, indirect or consequential damage or damages arising from the sale, resale, transfer, use or misuse of the product. Thermosleeve-USA specifications are subject to change without notice; including changes in materials and processing that do not affect compliance of the products specification. Thermosleeve-USA guarantees the product to be free from defects in material and manufacturing at the time of purchase. If this product is found to be defective within the warranty period, at our option we will refund the purchase price, replace or repair the Thermosleeve-USA product.
