

THAT IS THE QUESTION

EXPAND YOUR OPTIONS WITH THERMOSLEEVE USA

Thermosleeve USA can provide you with a wide selection of tubing products, that expand beyond the heat shrink category, and help you answer that question.

Our extensive line of non-shrink sleeving products include PVC, PE, Expandable Braid, Fiberglass, Copper Foil Shielded, Carbon Fiber, Kevlar and Nomex just to name a few.

As always, Thermosleeve USA products are safe and reliable high-quality products that are manufactured under TS16949 Quality System and ISO14001/IS9001 Environment System certifications.

Many Thermosleeve USA products are produced to meet or exceed UL/224/MIL approval requirements.

Thermosleeve USA products are also RoHS compliant and certified under the following agencies: UL, TUV, VDE, C-UL, F-Mark and our partners are registered "Green Partners" with Sony and Samsung.

If you're manufacturing wire harnesses, rest assured Thermosleeve USA most likely offers a tubing to meet your requirements.

To view our complete line of products, visit us at www.thermosleeve-usa.com or to request a quote, contact us by calling (800) 421-3536 or via email at sales@thermosleeve-usa.com and **expand your options.**
