

WE NOT ONLY **SHRINK** BUT WE'VE ALSO
EXPANDED

Thermosleeve USA has expanded, so to speak.

With a variety of single wall, medium wall, dual wall shrink tubing and extrusion tubing, we have expanded our line of available products with non-heat sleeving: adding expandable sleeving, cable wraps as well as insulation sleeving and tubing. Thermosleeve USA delivers safe and reliable high-quality products that are manufactured under strict quality controls and are certified under the following agencies: F-Mark, CSA, TUV, VDE, UL/C.
